

Beauty Essentials

Course Outline

Course length: 84 hours

This course is designed as an introduction to beauty make-up with an emphasis on the techniques required today in this multifaceted industry. Regardless of which of these areas students intend to work in, mastery of beauty make-up is a must. In this course, students will start by learning facial analysis, base matching and application, correction, and contours and highlights, with an added focus on eyes and lips. The course finishes with complete make-up applications ranging from one hundred percent corrective to natural make-up.
